RECEIVED

Dear Sir:

Our attention has been called to an advertisement in your official paper giving notice that John Wyatt is entitled to a Land Warrant on account of services rendered as a member of the Battalion of Rifles in the Expedition of 70-73, or Northwest Mounted Police, and that the Warrant will be delivered to Mr. Wyatt or in case of his death to his personal representatives, upon satisfactory evidence being sent to you that the applicants are entitled thereto.

Mr. John Wyatt has not been heard from for thirty-three (33) years. The last heard from him he was still unmarried and was then about thirty-one (31) years old. His father and mother are both dead and so far as we know his only heirs are his brother and sister, Fillmore Wyatt of Flora, Ill., and Martha J. Bartlett of this city.

Will you please advise whether the last two named are entitled to the Land Warrant mentioned, upon the foregoing facts. Of course, we cannot say definitely that he never married or really that he is dead. We presume that seven years absence without his relatives being able to receive a communication from him and without learning anything of his whereabouts raises a presumption that he is dead.

Thanking you for a reply, we are,

Yours truly,

of the letters probate or letters of administration as the case may be, if you do not careto send the original letters, but such copy must be one that is certified to be a correct copy of the original letters by the proper officer of the Court from which they have been or may be obtained.

It is assumed from the statements in your letter that the late Mr. Wyatt died intestate and that letters of administratiom to his estate have never been taken out, and no doubt some difficulty may now be experienced in obtaining letters of administration. This Department will, however, accept letters of administration granted by the proper Court for the District inwhich he resided at the time of his death or for any district where he had any other estate or letters of administration granted by any Court having power in that respect.

Gentlemen,

I am directed to advise you as follows, in reply to your letter of the 1st instant, with reference to the Land Warrant, No. 0924, which was issued in favour of John Wyatt, now said to be deceased, a member of the Red River Expeidtion of 1870 to the Province of Manitoba.

From the statements made in your letter of the 1st instant Fillmore Wyatt a brother of the deceased and Martha J.Bartlett a sister of the deceased are probably now his only heirs at law, but these warrants are not being delivered to the heirs of deceased warrantees.

This warrant is part of the estate of the late Mr. Wyatt ~~[illegible]~~ accepting as a fact the statement that he is dead. It will, therefore, be delivered to his personal representatives who are the executors named in his will if he left one or the administrator or administrators to his estate if he died intestate. Consequently the documentary evidence to be filed here is the probate of the will of the deceased if he left a will or letters of administration to his estate is he died intestate, or a copy

Dear Sirs:-

No. 1236931 Re. Application of the heirs of the late John Wyatt for Bounty Land Warrant for services rendered by John Wyatt in the Red River Expeditions.

We duly received yours of the 21st. inst., and have since endeavoured to obtain the proof required by you.

We herewith return the copy of the judgment obtained by us appointing Mr. J.G. Wyatt, himself one of the heirs, as curator to the absentees. We also enclose you five declarations establishing the identity of John Wyatt who served in the Red River Expeditions, of whom Mr. John G. Wyatt is one of the heirs and in which matter he has been appointed curator. You will note that those declarations also establish the fact that the late John Wyatt was a member of the 2nd. Battalion Quebec Rifles and rendered services in the Red River Expeditionary forces of 1870. Up to the present we have found it impossible to obtain his regimental number or the name of the company in which he served. We have likewise so far found it impossible to establish where and by whom he was enlisted. We would, however, specially draw your attention to the declaration signed by Ed. Bernard, who was one of the officers of the 2nd. Battallion Quebec Rifles at the time, and who is now a retired Lieutenant Colonel.

Such a long time has elapsed since the enlistment in question that it is at present extremely difficult to obtain the information above referred to although there are a number

Memorandum:-

The undersigned has examined the papers in File No.2136931 of the Land Patents Branch, Department of the Interior, on the subject of Military Bounty Warrant No.0924, and he has to say that, in his opinion, the certificates produced by the Curator of John Wyatt's estate identify the "John Wyatt" who served in the Quebec Battalion of Rifles, Red River Expedition, with the "John Wyatt" whose home previously to enlistment was Danville, in the Province of Quebec, and the "John Wyatt" in respect to whose estate John G.Wyatt, of Montreal, has been appointed Curator.

Donald MacLeod, who signed one of the certificates states that he was a Lieutenant of No.1 Company of the 54th Battalion at the time John Wyatt enlisted, namely, 1870. It is true that a gentleman of that name was Lieutenant of that Company at the time. Another of the certificates is signed by Edward S.Bernard. He says that he was an officer of the 2nd Battalion, Quebec Rifles, of the Red River Expedition. The records show that one of the officers of the Quebec Battalion was Edward S.Bernard. Another certificate is signed by T.P.Cleveland. A gentleman of that name was Quartermaster and Honorary Major of the 54th Regiment for several years; so, the identity seems to be established on very respectable evidence.

MEMORANDUM:-

The Agent of Dominion Lands at Peace River, encloses Military Bounty Land Warrant No.0924 endorsed in favour of John G. Wyatt in his quality as one of the heirs of John Wyatt, deceased, and as curator to the absentee heirs of the said John Wyatt, together with an assignment in favour of Karl G. Ivarson and a declaration of Ivarson that he desires to locate the warrant on the S.W.¼ of 12-87-25 W. 5th M.

The usual practice in such cases is for the assignee to forward the warrant and assignment to the Department where, if satisfactory, the assignment is registered and the warrant endorsed in accordance therewith is returned to the assignee who can then locate the same on lands available for the purpose. The Agent should not have accepted either the warrant or the assignment until this was done.

A draft should be addressed accordingly for his future guidance &c.

I think, however, that in this case the assignment, which is correct and in proper form should be registered and the warrant endorsed in the usual way after which the warrant should be returned to the Agent with instructions for him to locate it on the land referred to if it is available for such location and report the entry in his weekly return in the usual way.

The land referred to is not within the tract reserved for Soldier Settlement as defined on the plan sent to the Agent but Mr. Sheppard states that the Agent at Grouard was authorized on the 23rd April, 1918, to make the lands in this Township available for entry, but no notification has been received that he did so.

Dear Sir

I made application to the Land Office in Medicine Hat South East 1/4 Sec 23. Township 11 Range 7 as a Pumpkin & they notified me that I would have to apply to the Department at Ottawa as it had been applied for before. It is good farming land and I would like to get for a Pumpkin. There was ten acres broke in 1913 but it has all grown up to sage again. Kindly let me know if I can get this 1/4 for a Pumpkin and if I should have to pay for the making of the plan.

Yours sincerely

MEMORANDUM.

To. The Timber & Grazing Lands Br. Department of the Interior,

Ottawa, 28th October, 1916.

Re SE¼, 33-4-7, W4M.

Mr. Louis Grant has reported to the Department that he made application to homestead this land, but that the same was reserved.

It appears that an application was made by Mr. D. W. Mattrass to lease this quarter section for grazing purposes, and that the reservation was noted in the records of the Agent and the Land Patents Branch here.

See your letter of the 18th August, 1915, marked, which shows that the application of Mr. Mattrass was cancelled in so far as it relates to this quarter section, but apparently neither the Land Patents Branch nor the Agent, or this Branch, were advised of the cancellation of the application in so far as this land is concerned.

Would you kindly take such action as may be necessary in this case.

Sir,-

Referring to your letter of the 20th December last, I beg to inform you that the North half of Section 30, Township 6, Range 6, West of the 4th Meridian, stands as a homestead (patented) and pre-emption in the name of Mr. W. H. Bokmier, and the South West quarter is comprised within a lease of Ranche No. 6174. The South West quarter is reserved at present in connection with an application for grazing leasehold and the Department is awaiting the receipt of a report by the Inspector of Ranches before taking final action in the matter.

Under the circumstances, I am to say that in so far as the North half and South West quarter are concerned, there is no prospect of the land being made available. If you would communicate with the Department later on, no doubt a definite statement could be made concerning what disposition is to be made of the South West quarter.

Sir,

[re] S.E. of 23-4-7-W.4th
Your Ref. 102966.

Referring to your letter of the 30th March last enclosing report from Homestead Inspector McCowan in connection with the S.E. of 23-4-7-W.4.

Abstract of Title for this land dated the 21st ultimo shows that it still stands in the name of Frank Hayward Vance with all liens properly recorded, but in February, 1923, James P. Mitchell filed a Writ of Execution and in November last the Municipal District of Flowery Plains No. 33 had a caveat lodged against the land under the Tax Recovery Act of 1922.

The collection of this account will evidently have to be deferred until a new owner takes possession as there does not appear to be any prospect of Mr. Vance recovering his property.

Your obedient servant,

P. Marchand,

Financial Controller.

Dear Sir:

Township Grants

The above party obtained advances from the Dominion Government in 1918, 1919 and 1921 in the amount of three hundred and five dollars and fifty-one cents ($305.51). As you will see from the file there is now outstanding a total of eight hundred and eighty-seven dollars and seventy cents ($887.70). No security liens were given on the title to the above land.

The letter was some since been lost sight of and title to this property has reverted to the Municipality under the provisions of the tax recovery act. A sale has been arranged for the sum of six hundred dollars ($600.00) which would seem to be a very reasonable offer in view of the location of the land and the fact that it is assessed for somewhat less than this for taxation purposes.

Tax arrears outstanding at date of sale were $[illegible] three thousand, one hundred and thirty-six dollars and two cents and distribution of the proceeds of this sale on the usual basis results in the following allocation of the monies.

Costs.	5.00
Taxes	[illegible]
[illegible]	[illegible]

As there is now no further security and no other possibility of obtaining further repayment, I would recommend that the balance outstanding be written off and the liens discharged.

I would like to state for the information of the Department with reference to the breaking which was done last year on my Homestead North East Quarter Section 19 Township 25 range 6 west 4th Meridian

That before I left the Homestead in may I made a contract with a neighbouring homesteader to break 10 acres when the rainey season came on in June or July rate 4 dollars per acre I sent him part of the money from Calgary in June to start the breaking which was supposed to be finished before I send the balance but when I returned to the homestead on the 1st November I was informed there was only 4 or 5 acres broke in July on account of the very dry weather he had to quit for the time but however when the moisture came again in October he finished 9 acres so now by actual measurment I find there is 18 acres in all including the two acres which was broke in 1913.

The 11 acres is now seeded to wheat I have a contract made at present to break 10 or 12 acres more when the breaking season starts in June or July when the heavy rain comes as the ground is too dry at present

The following is an extract of his communication:

"But any of these creditors of course has no claim against my pre-emption and as I have 40 acres of summer fallow plowed on my pre-emption this year and 10 on my homestead next season I will be able to start payments on the pre-emption all creditors cannot be paid at once.

Of course its no wonder I have failed so many years in making any payment on my pre-emption in view of the great number of years the crops has failed in this part of the country which is the dry belt.

When I was discharged from the Canadian Army in 1917 an account of sickness I then came here and started farming and spent all the money I had in the purchase of horses and harness and machinery also putting up buildings and fences and sinking a well and as my first barn got burnt down, I had to build a second one, then when I was started I was up against all the dry years 1917-18 and 19 was three of the worst years on record when even the hay in the bottom of the sloughs in 1919 got burnt out. 1920 we got about half crop or 15 bus per acre 1921 - 22 were both dry years with almost total failures, 1923 was a good crop year with 30 bushels per acre but the wheat was so cheap on that year 70 cents per bushel this crop did not pay the cost of production but again in 1924 was about the worst of all 1925-26 was also dry years with short crops but now those 2 last years are the wettest on record you can see in a period of 10 years I only got 2 crops one of them half a crop the crop lease I gave to the mortgage comp. 2 years ago will expire this fall this is there last year and any future crops I will have on my homestead will help to pay for my pre-emption. If I lost the pre-emption at this time I would be in a terrible plight as I would have no home or cultivation of any kind as all of my buildings is on the pre-emption also the water. I could not move to the homestead as there are no buildings there only an old granary if this happened I would be left completely destitute after holding down the place for 15 years."

I would invite your perusal of the communication forwarded to the Dominion Lands from the Seed Grain Branch of the Department of Agriculture Alberta and from J. C. Cottrell, 'marked' for your convenience.

In view of the representations made by the entrant, kindly say whether he may be granted the usual undated extension of time.

The Tax Consolidation Board, hereby recommends that the liens charged against the N.½, 19-25-6-W.4th Mer., for advances made to Michael Francis Guthrie, be disposed of as follows:-

this winter. The liens also constituted a charge on the N.W. 19-25-6-4, for which the debtor holds a Certificate of Recommendation as his pre-emption. He still owes $918.60 on account of the purchase price, and there appears to be little prospect that he will ever pay it. He is 71 years of age; he is unable to farm himself but has a tenant on the property. The rent apparently does not suffice to pay the taxes on the Homestead, as the holder of the mortgage has had to pay them in the past, and this year they have seized the share of the crop which is payable to Guthrie as rent.

Guthrie's financial circumstances are poor, and in the opinion of an Inspector of the Department of Municipal Affairs, he will never be able to pay his seed grain and relief indebtedness, while the security, as is shown above, is valueless. I understand that Guthrie is now applying for an old age pension. There is no likelihood of anyone applying for entry for the unpatented land in the event of cancellation of Guthrie's entry, who will assume liability for any relief indebtedness which might be retained as a charge against it.

I recommend that the liens remain a charge on the N.E. 19-25-6-4, to be removed therefrom by foreclosure by the holder of the first mortgage, but that they be released from the N.W. 19-25-6-4, the unpatented pre-emption of the debtor. I also recommend that the debtor be released from his further liability to pay his seed grain and relief indebtedness, and that it be written off as uncollectable.

Michael Francis Guthrie obtained seed grain and relief advances from the Province of Alberta, for which he is indebted as hereunder shown:

He has made no repayments. He signed lien agreements charging the N.½ 19-25-6-4, and promissory notes. Liens were duly registered on the Certificate of Title to the N.E. 19-25-6-4, and Guthrie is the registered owner of this property. They are, however, subsequent to a mortgage to the North of Scotland Canadian Mortgage Company, on which there is outstanding approximately $1,500.00, and to a mechanic's lien for $177.20.

According to a recent valuation of the property, it is not worth the amount of the mortgage debt. It is situated in the dry district, from which settlers are being moved

Dear Sir:-

re: Michael Francis Guthrie - N.½-19-25-4-W.4th,
Dominion Lien. Supplementary to B.O. No.5134.

By Board Order #5134 you recommended that this man be relieved of any further personal liability for his Seed Grain and Relief indebtedness to the Provincial Government.

The Provincial liens are charged against the N.E.19-25-4-W.4th but are subsequent to a mortgage held by the North of Scotland Mortgage Company, the indebtedness under which greatly exceeds the value of the land.

The liens have not been recommended for discharge, but eventually they will be discharged by Mortgage foreclosure.

The Provincial liens as charged against the N.W.19-25-4-4 have been recommended for discharge. This land is the debtor's pre-emption concerning which there is not even a slight hope that he may ever be able to obtain patent for.

The Department of the Interior, upon receipt of Board Order #5134, have advised me that together with the Provincial charges there is charged against the debtor's pre-emption the N.W.19-25-4-4 a Dominion Seed Grain Lien in the amount of $45.20 issued on April 30th, 1930. The indebtedness under this lien amounts to $83.10 as at March 31st, 1931.

The holding of this charge against this unpatented land will only have the effect of discouraging new entry, and I recommend that it be discharged as well as the Provincial Relief liens for which discharge has been recommended.

The debtor is 71 years of age. He is unable to carry on farming operations and there is every likelihood that he will become a charge on the Province. It is recommended, therefore, that this Dominion Seed Grain indebtedness be written off as uncollectible.

Yours truly,

DIRECTOR.

Dear Sir:-

Re: Michael Francis Guthrie - N.½-19-35-6-W.4th,
Dominion Lien. Supplementary to B.O. No.5134.

By Board Order #5134 you recommended that this man be relieved of any further personal liability for his Seed Grain and Relief indebtedness to the Provincial Government.

The Provincial liens are charged against the N.E.19-35-6-W.4th but are subsequent to a mortgage held by the North of Scotland Mortgage Company, the indebtedness under which greatly exceeds the value of the land.

The liens have not been recommended for discharge, but eventually they will be discharged by Mortgage foreclosure.

The Provincial liens as charged against the N.W.19-35-6-4 have been recommended for discharge. This land is the debtor's pre-emption concerning which there is not even a slight hope that he may ever be able to obtain patent for.

The Department of the Interior, upon receipt of Board Order #5134, have advised me that together with the provincial charges there is charged against the debtor's pre-emption the N.W.19-35-6-4 a Dominion Seed Grain Lien in the amount of $45.30 issued on April 30th, 1930. The indebtedness under this lien amounts to $83.10 as at March 31st, 1938.

The holding of this charge against this unpatented land will only have the effect of discouraging new entry, and I recommend that it be discharged as well as the Provincial Relief liens for which discharge has been recommended.

The debtor is 71 years of age. He is unable to carry on farming operations and there is every likelihood that he will become a charge on the Province. It is recommended, therefore, that this Dominion Seed Grain indebtedness be written off as unsolicitible.

Yours truly,

Re: Account of M. F. Ontario
R# 19-25-6-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

Joint-Provincial and Federal advances of relief amounting to $203.65 were made to M. F. Ontario in 1919, 1920 and 1922 on the security of the above-mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$203.65	$605.71	$809.36

The Provincial authorities have advised us that these liens are not registered against the title to this land.

By a Cabinet directive of the 17th of May, 1960, approval was granted to discontinue negotiations for compromise settlements after the 15th of April, 1960, and to cancel the remainder of the Federal share of outstanding indebtedness for Seed Grain, Fodder for Animals and other Relief. The Province of Alberta has agreed to cancel their share of the Joint Federal-Provincial indebtedness.

Therefore, it is recommended that the Joint-Provincial and Federal indebtedness listed above be cancelled without any payment.

Dear Sir:

I am in receipt of your letter of the 12th inst. enclosing application (SE 24-21-4 W 4) and enclosing statutory declaration duly executed.

I am informed by Mr. Hewitt that he has cancelled his contract. My homestead entry was for 160 acres and I have been living on it since 1903. I have broken 13 acres and have 13 acres ready for crop. I have a good house, stable, granary, and other buildings on the land. I have been living there because I have not yet a stable or well on my own place and I did not want to stop doing work for building a stable. I have two acres broken but have not got the fence up. I will have another crop in 1911.

Sir:

Re - SE¼ 24-29-5-W4th.
A. Paulson.

As requested in your letter of the 15th instant, I beg to furnish information as to the amount of seed grain, fodder and relief indebtedness charged against the above described land in the name of Mr. A. Paulson.

The indebtedness on the 31st of March last totalled $72.70, including principal and interest, and to this is to be added interest at the rate of 5% on the principal sum of $47.50, from this date to the date of payment.

A crop lease on this land is not held by the Department, but the covering liens which were executed in 1915, are a first charge on the lienor's crop and have priority over all other claims until the account has been paid in full.

The lienor has not made an assignment of any wheat pool certificates in favour of this Department.

As there may be further indebtedness for fodder and relief advances during the years from 1919 to 1927, you should communicate with the officials of the Provincial Government at Edmonton, for a statement of the indebtedness.

Dear Sir:

Your recent letter re my indebtedness to the department to hand

In reply wish to state that your account would have been taken care of before this if it were possible. A combination of poor crops for the last four years and the cost of an operation for Mrs Paulsen are the chief reasons. I have improved my farm from raw prairie to an improved half section. There is 220 a. broke and balance in pasture. The half is all fenced with cross fence for pasture a good well and fair buildings.

If you have any doubts as to my honesty or integrity can refer you to any of the business houses in Excel or Ayen.

Hoping this explains the reasons for my failure to pay of lien

Re: Account of Anton Paulson,
N.E.¼ 13 & S.E.¼ 24-29-5-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Anton Paulson received seed grain, fodder and relief as a loan from the Government of Canada. The loanwas secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $538.13 of which $176.65 is principal and $361.48 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

RE: N.E. 13 & S.E. 24-29-5-W.4th

We wish to thank you for your letter of the 17th of April, 1956, concerning the account of Anton Paulsen charged against the above land.

In view of the extenuating circumstances which you have mentioned we believe that the Head Grain Advisory Board will give favourable consideration to granting a reduction in your case.

A recent Abstract of Title shows that in addition to our liens there are mortgages registered against your land by the Municipal District of Golden Centre No. 272, the Municipal District of Carseal No. 242 and S.D. No. 3. As we believe you will wish to have a clear title, we are writing to Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, Alberta, with a view to having them included in whatever settlement is proposed. We expect you will hear from Mr. Cherkas within the next few days.

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain, fodder and relief amounting to $176.65 were advanced to Anton Paulsen on the security of the above-mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$176.65	$401.20	$577.85

By a Cabinet directive of the 17th of May, 1960, approval was granted to discontinue negotiations for compromise settlements after the 15th of April, 1960, and to cancel the remainder of the Federal share of outstanding indebtedness for Seed Grain, Fodder for Animals and other Relief.

Therefore, it is recommended that the Dominion indebtedness listed above be cancelled without any payment, and the liens be discharged.

Re: Account of Anton Paulson,
N.E.¼ 13 & S.E.¼ 24-29-5-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Anton Paulson received seed grain, fodder and relief as a loan from the Government of Canada. The loanwas secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $538.13 of which $176.65 is principal and $361.48 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

Dear Sir.

In reply to yours letter of Feb 22nd. re. loan from government in 1915.

I have been finding it very hard to pay these debts. I am unable to farm the land but have it rented only receive one-sixth (⅙) share of crop & have taxes to pay. So there isn't much income.

However will do what I can to pay off these liens if you will let me know what minimum settlement you are willing to take.

Land value is very low in this district.

Dear Madam:

RE: N.E. 13 & S.E. 24-29-5-W.4th

We wish to thank you for your letter of the 17th of April, 1956, concerning the account of Anton Paulsen charged against the above land.

In view of the extenuating circumstances which you have mentioned we believe that the Seed Grain Advisory Board will give favourable consideration to granting a reduction in your case.

A recent Abstract of Title shows that in addition to our liens there are mortgages registered against your land by the Municipal District of Golden Centre No. 272, the Municipal District of Cereal No. 242 and S.D. No. 3. As we believe you will wish to have a clear title, we are writing to Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, Alberta, with a view to having them included in whatever settlement is proposed. We expect you will hear from Mr. Cherkas within the next few days.

Yours very truly,

RE: N.E. 13 & S.E. 24-29-5-W.4th

We are enclosing a copy of a letter received from Mrs. Flora Paulson concerning the account of Anton Paulson charged against the above land. A recent Abstract of Title shows that in addition to our liens there are encumbrances registered against this land by the Municipal District of Golden Centre No. 272, the Municipal District of Cereal No. 242 and S.D. No. 3. The numbers and dates of the liens being as follows:

1042 F.X. 1936
4587 F.X. 1937
2101 E.V. 1938
4621 E.V. 1939

As we believe that Mrs. Paulsen would like to have a clear title it would be appreciated if you will investigate this case and advise her of the minimum amount acceptable in full settlement of our claims.

Yours very truly,

O.K. LeCapelain,
Chief, Lands Division.

MEMORANDUM

Application for patent of Mr. F.L. Mason for the N.W. ¼ of 2 - 42 - 9 W. 4th M.

This is a case where the application was not accepted as the witnesses were not in a position to corroborate the statements of the homesteader regarding the residence claimed by him.

The Inspector was instructed to visit the homesteader when in the vicinity and obtain the evidence of two witnesses. The Inspector reports as follows:-

"Not in residence, neighbours could not give exact dates. See declaration of Bakestrow. As neighbours could make only general statements without actual dates I took evidence of Bakestrow. All are willing to state generally as to applicant having completed his residence duties more than six months of each year, his cultivation and improvements are especially good. Recommend patent."

The declaration of Mr. Bakestrow states that he is the owner of the N.W. ¼ of 42 - 41 - 9 W. 4th M. and has lived thereon continuously since the 8th June 1906, that he knows the homesteader has fulfilled all the required residence and cultivation duties.

In view of the Inspector's report and the above declaration will you accept the application?

Respectfully submitted,

F. Fitzroy Dixon, Esq.,
Ass't Deputy Commissioner of
Dominion Lands,
OTTAWA.

Till he's proof of residence rests with him - his app. pat. cannot be allowed as it now stands.

Re: Account of Arthur Walker
S.E.¼ 18-10-1-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

A Joint-Provincial and Federal advance of relief amounting to $44.75 was made to Arthur Walker in 1920 on the security of the above-mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$44.75	$134.83	$179.58

The Provincial authorities have advised us that this lien is not registered against the title to this land.

By a Cabinet directive of the 17th of May, 1960, approval was granted to discontinue negotiations for compromise settlements after the 15th of April, 1960, and to cancel the remainder of the Federal share of outstanding indebtedness for Seed Grain, Fodder for Animals and other Relief. The Province of Alberta has agreed to cancel their share of the Joint Federal-Provincial indebtedness.

Therefore, it is recommended that the Joint-Provincial and Federal indebtedness listed above be cancelled without any payment.

F. W. Stinson.

OTTAWA, May 9, 1963.

Re: Account of Arthur Walker

1. That the joint-Provincial and Federal indebtedness, which is more particularly described in the attached report, be cancelled without any payment.

MEMORANDUM: Ottawa, 29th September, 1921.

N. O. Coté, Esq., I.S.O.,
Controller, Land Patents Branch.

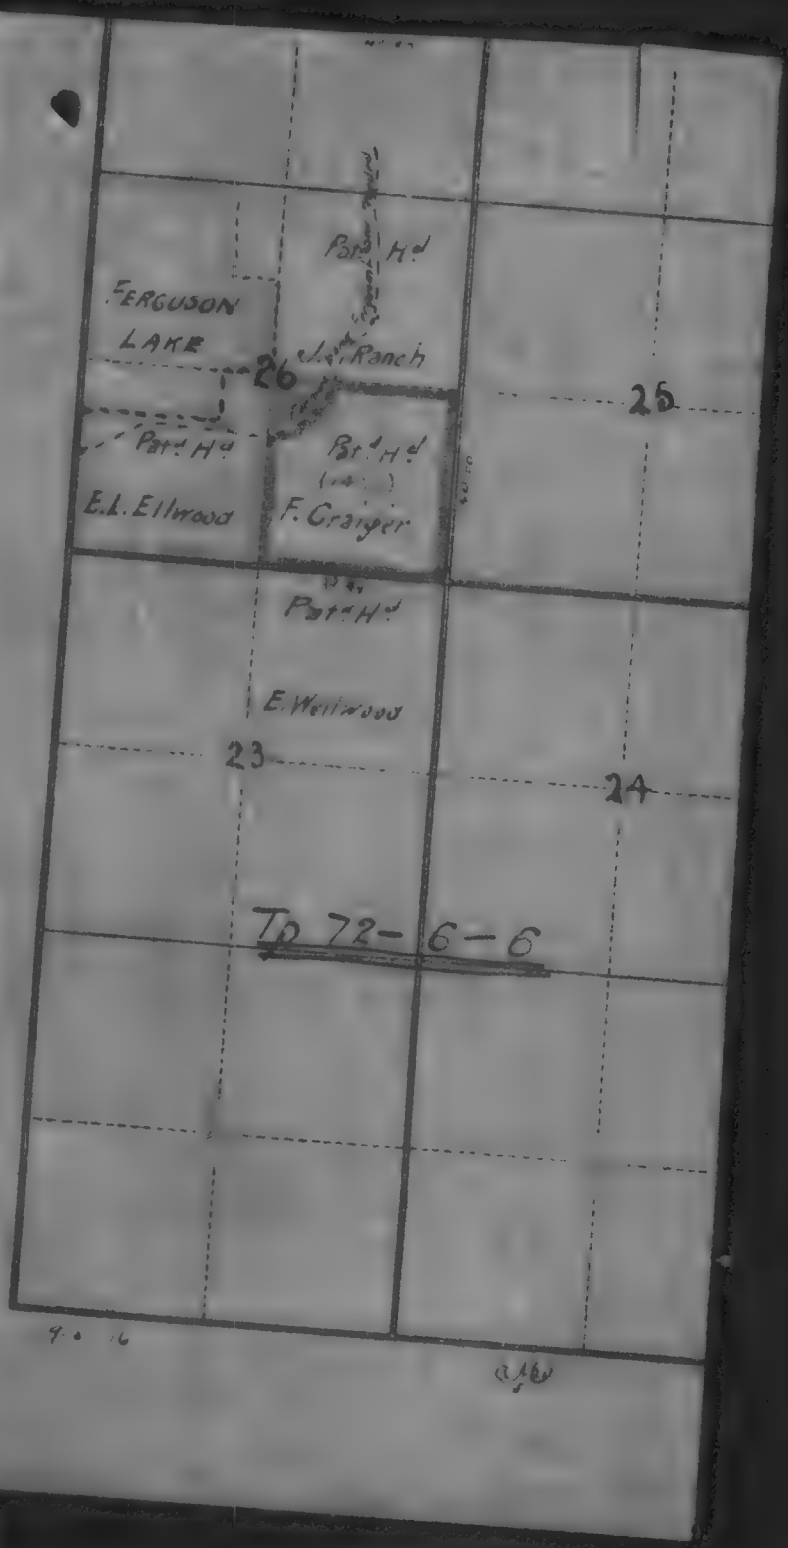

Application of Messrs. James Evans and Crofton Cady to purchase the formerly submerged portion of the S.E.1/4 Sec. 26-72-6-W.6th Mer. Containing 12.80 acres. Shown on the sketch herewith coloured PINK.

I beg to submit for your consideration the application above referred to. The land is available according to the departmental records and the applicants claim joint ownership of the patented portion of the said quarter section shown on the sketch outlined in GREEN.

The homestead inspector in his report, hereunder, states as follows:

"Messrs. Evans and Cady desire to purchase "part of Ferguson Lake, in area about "12 acres, that lie within the bounds of "this quarter at the extreme north west "corner of the quarter. This land is "very subject to flooding, but on account "of dry seasons periodically the lake "subsides sufficiently to leave this "fraction at the corner of the S.E.1/4 "Sec. 26-72-6-W.6th M., fairly dry so "that the wild hay may be cut. It will "not be suitable for grain purposes "and is only of value for hay land. I would recommend the sale of this "fraction at $3.00 per acre to Messrs. Evans and Cady, who own the balance of this quarter."

If a sale is authorised it will require to be subject to the applicants filing evidence of ownership of the said patented portion.

S.W. 10-7-5-W. 4th.

According to our records this is the only security held for the indebtedness. Patent thereto issued in the name of the lienee in November 1916, subject to the 1915 liens.

Homestead Inspector McCowan reporting under date of March 1st 1926, advises that it had all gone to weeds, that no one was farming the land and that the lienee was residing at Vauxhall, Alberta. He has, however, been written to at that address on several occasions without acknowledgment.

Ottawa, 3rd February, 1926.

Dear Sir,

I beg to enclose herewith a statement showing indebtedness incurred by Joseph Paul Keiran, on the security of the S½-10-7-5-W.4th.

You will observe from the statement that the 1915 liens attached to patent. The items shown as having been advanced under the 50% arrangement with the Province should be verified by them.

Apparently this quarter-section has been forfeited for nonpayment of taxes, and title is vested in the Crown in the right of the Province. A communication was received from H. Greenfield in 1925 as regards an adjustment.

Would you kindly have the matter considered by your Board and let me have their report.

This Department is in receipt of your letter dated the 5th instant having reference to a seed grain, relief and fodder account which you have against the above land granted to Joseph Paul Keiran in 1915.

Kindly be advised that this quarter is held under Grazing Lease No. 31483 by Samuel Beierbach of Ranchville, Alberta, whose lease does not expire until April 1st, 1960.

According to an inspector's report on file this land can only be considered suitable for grazing purposes and it is unlikely that it will ever be used for any other purpose.

Re: Account of Joseph Paul Keiran
S.W. 10-7-5-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1915 seed grain, fodder and relief amounting to $296.35 were advanced to Joseph Paul Keiran on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:

Principal	Interest	Total
$ 298.35	$ 547.84	$ 846.19

Patent was issued in the name of Joseph Paul Keiran for the S.W. 10-7-5-W4 on the 6th of September 1916, subject to the 1915 liens.

In 1923 the land became subject to forfeiture proceedings for nonpayment of arrears of taxes and title reverted to the Crown in the right of the Province.

In reply to our questionaire of the 5th of September 1952, V.A. Wood, Director of Lands, Department of Lands and Forests, Province of Alberta, wrote as follows:

"This Department is in receipt of your letter dated the 5th instant having reference to a seed grain, relief and fodder account which you have against the above land granted to Joseph Paul Keiran in 1915.

Kindly be advised that this quarter is held under Grazing Lease No. 31483 by Samuel Beierbach of Ranchville, Alberta, whose lease does not expire until April 1st, 1960.

According to an inspector's report on file this land can only be considered suitable for grazing purposes and it is unlikely that it will ever be used for any other purpose."

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security of value for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

Re: Account of Ernest L. Seeger
S. 20-24-8-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

A Joint-Provincial and Federal advance of relief amounting to $115.30 was made to Ernest L. Seeger in 1922, on the security of the above-mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$115.30	$330.02	$445.32

The Provincial authorities have advised us that this lien is not registered against the title to this land.

By a Cabinet directive of the 17th of May, 1960, approval was granted to discontinue negotiations for compromise settlements after the 15th of April, 1960, and to cancel the remainder of the Federal share of outstanding indebtedness for Seed Grain, Fodder for Animals and other Relief. The Province of Alberta has agreed to cancel their share of the Joint Federal-Provincial indebtedness.

Therefore, it is recommended that the Joint-Provincial and Federal indebtedness listed above be cancelled without any payment.

Mr. Hume.

Re application for homestead patent of Frank Tipping, for the S.W.¼-10-26-13-W 4th M.
Not recommended by the Agent of Dominion Lands.
Date of application for patent 10th June, 1915.

Residence duties have been performed by living on the above land and appear to be satisfactory.

Applicant should have thirty acres broken and twenty acres under cultivation, whereas his application for patent shows cultivation as follows;-

1912....	broke 20 acres.		
1913....	--------	Cropped 20	acres.
1914....	" 10 "	" 20	"
1915....	--------	" 10	"
	total 30		

The Agent did not recommend the application for patent in view of the manner in which the cultivation had been performed.

Please say if you will accept.

Cultn. shown up to 1914 appears to meet the requirements. Agent may recommend, unless he has some reason to doubt that duties were done as claimed, in which case he did secure a fd. Inspn's report. HH 4.9.15.

For the S.W.¼ of 10-26-13,W. 4th M.
Recommended.

This application for patent was returned to the Agent of Dominion Lands at Calgary on the 6th of October, for the reason that the answer given by the applicant to question No. 1 was not satisfactory.

The answer given by the applicant stated that he had received Relief from the Government but as he did not state that this was the only encumbrance the application was returned for this information to be inserted in the application.

The Agent now states that he had interviewed the Homestead Inspector in regard to this and was informed that Mr. Tipping is no longer on his land or in the vicinity and the Inspector is no aware of his present whereabouts. He asks what action is to be taken in this connection.

Agent had better make an effort to get in touch with applicant, writing him at all known addresses.

Sir,-

S.W. ¼ of Sec. 10 Tp. 26 Rge. 15 West 4.

Referring to your application for [illegible] privilege of taking up a second homestead, I beg to inform [illegible] during the recent session of Parliament an amendment [illegible] Dominion Lands Act was passed granting those settlers who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

As you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Frank Tipping, Esq.,
Carolside,
Alberta.

J. W. [illegible]

P.S. The S.E.¼ 10-26-15-W.4th M. appears vacant in the records here. You should immediately get in touch with the Agent of Dominion Lands at Calgary.

As he has held this land since 1911 and has paid very little on account he has no grounds for complaint as to the treatment accorded him by the Department.

In view of the fact, however, that he is in residence I would suggest that he be given the usual undated extension of time, with a warning that this may be his last chance.

MEMORANDUM:

Mr. Perrin.

Re -N.W. ¼ 10-26-13-W.4th.
Pre-emption entry of Frank Tipping. Entry granted November 3, 1911.

No cancellation proceedings.

The entrant made application for patent on the 21st June, 1921, showing duties completed.

Payments due--Principal $456.00, interest computed to the 1st November 1928, $354.44, making a total indebtedness of $810.44.

Inspector Stickney reporting in November last, stated that the entrant was in residence and that the following improvements are on the pre-emption--House valued at $250.00, stable $25.00, two granaries $150.00, 1½ mile fencing $60.00, well $60.00, 75 acres broken on the pre-emption and cropped last year, also 75 acres broken and cropped last year on the homestead.

The Inspector in his General Remarks reports that the entrant threshed 960 bushels of wheat which graded # 5, but he could not make a payment and recommended that the entry be cancelled as he was of the opinion that the entrant would never pay for the land.

In view of this report, the entrant was allowed a period of thirty days within which to state his intentions with regard to paying for the land. As he failed to comply with these instructions, the Agent on the 11th February last, was instructed to institute cancellation proceedings, notwithstanding the winter protection then in force.

A communication has now been received from the entrant wherein he complains about the manner in which he has been treated by the Department and requests to be granted further time within which to pay for the land, but will make no promise as to when he expects to be in a position to do so.

APR 29 1929

I beg to acknowledge the receipt of your communication of the 18th ultimo which was forwarded to this office by the Agent of Dominion Lands at Calgary in which you ask for further time within which to discharge your indebtedness.

In reply I beg to state that it is noted that you have held this land under entry since the 3rd November, 1911 and since then it is considered that you have had ample time within which to pay for this land.

In view of your representation, however, it has been decided to allow you a reasonable period from this date within which to remit payment in full to the aforesaid Agent or at least forward a substantial payment on account.

Should you fail to fulfill the above requirements within the time allowed, I am to warn you that it may be further necessary to institute cancellation proceedings against your entry.

Sir,

Re N.W.T. 10-26-13-W.4th M.
Pre-emption - Frank Tipping.
Agency file No. 76847.

I have your letter of the 16th instant informing the Department that cancellation proceedings are now outstanding against the pre-emption entry of Frank Tipping, such action, it is alleged, having been taken on the 19th February on the strength of the Departmental letter of the 11th idem.

I may say in this connection that a careful perusal of the papers would indicate that you were never instructed, following receipt of Mr.Tipping's application for patent, to abandon the cancellation proceedings instituted on behalf of the Department on the 3rd March, 1921, and inasmuch as Mr.Tipping was never furnished with a Certificate of Recommendation, such proceedings may be regarded as still in force.

I may add, however, that no evidence can be found to support your statement that you instituted cancellation proceedings on the 19th February, 1929, on the strength of the Departmental letter of the 11th idem, although it is observed that you alluded to cancellation proceedings in your letter of the 27th March, 1929, to Mr.Tipping.

The Inspector should now report, as previously instructed.

Re: Account of Frank Tipping
S.E. 4 10-20-13-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

Joint-Provincial and Federal advances of relief amounting to $100.05 were made to Frank Tipping in 1922 on the security of the above-mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$100.05	$286.91	$386.96

The Provincial authorities have advised us that these liens are not registered against the title to this land.

By a Cabinet directive of the 17th of May, 1930, approval was granted to discontinue no client-ions for compromise settlements after the 1st of April, 1930, and to cancel the remainder of the Federal share of outstanding indebtedness for seed grain, fodder for Animals and other Relief. The Province of Alberta has agreed to cancel their share of the Joint Federal-Provincial indebtedness.

Therefore, it is recommended that the Joint-Provincial and Federal indebtedness listed above be cancelled without any payment.

F. H. Stinson.

A Seed Grain Collector has reported that you are unable to pay any part of your indebtedness to this Department for Seed Grain, Fodder or Relief advances on the security of the above land.

A full measure of leniency has been shown in connection with the collection of this account, and I wish to impress upon you that it will be necessary to pay at least a portion of your indebtedness from the proceeds of the present season's crop. Sir:

S.W.¼ 31-24-5-W.4th M.

I am in receipt of an Inspector's Report, dated 10th July, 1924, wherein he states that you advised him that you do not wish to prove up on this quarter-section as it is unfit for cultivation.

Before taking further action in this case, I wish to draw your attention to the fact that no more pre-emption entries are now granted, and, if you abandon this quarter-section, you will not be able to re-enter for another quarter-section as you have already received patent for a homestead. In view of this fact, it is thought that you may wish to retain this pre-emption. If so, please complete the enclosed form, 86½, showing what you have done since June, 1920, when you made application for patent for your homestead. If any of the duties have been performed on the homestead since 1920, please also advise if you are still the registered owner of your homestead.

If, however, you still wish to give up your pre-emption, you should complete the enclosed form of abandonment, 215-A, before a Justice of the Peace, Commissioner, or other person duly authorized to administer the oath and forward it to the Agent of Dominion Lands at Calgary within thirty days. The declaration on Form 86½, if made out, should also be forwarded to the Agent within thirty days.

The Agent of Dominion Lands at Calgary is being instructed by a copy of this letter to report here at the end of thirty days what action, if any, you have taken.

Your obedient servant,

Re:F.I. & T.P. July 10th 1928.

Re:- Fred Poloz-Cappon.
W½ 31-24-5-4.

Dear Sir:-

This man obtained the following advances from the Department of Agriculture, giving as security, land liens against the above mentioned property and chattel mortgage on one Red Cow:

Seed Grain Lien	#10605	3/4/22	$138.00
Relief Lien	715	14/1/20	88.00

There was due in respect to these advances, with interest computed to August 31st 1927, Seed Grain $194.97, Relief $81.30, making a total of $276.27, and in February last, the Department of Agriculture, received a payment from this man of $225.00, with the request that this be accepted in full settlement of his account.

We were therefore requested to investigate this matter and if the settlement appeared satisfactory, to place the matter before your Board for their decision.

We find that in respect to the land, Mr. Poloz only owned one quarter, the other being an unpaid for pre-emption, and that the cow given as security for the relief advance has long since died.

This debtor, in common with other settlers situate in the drought area, in which he is located, had little crop, due to drought, for a number of years subsequent to receiving this assistance from the Provincial Government, but that the 1927 crop was rather more favourable and enabled him to make a compromise settlement with the majority of his creditors. The International Harvester Company allowed him a very substantial reduction in their account, and the party to whom he owed considerable money for the purchase of horses, knocked off five years interest. He has had very considerable sickness in the family, and his expenses in this connection for the last year have been in the neighbourhood of $400.00, and after paying operating

5270548

[illegible]

Page ...

expenses, store bill and making allowance for his operating costs for 1948, the sum be remitted to the Department of Agriculture was the very most that he could possibly spare.

We find also that this man's machinery is very much depreciated and he will be compelled in the very near future, to spend a considerable sum of money in replacements.

In view of the foregoing and taking into consideration the fact that the crop conditions in the district in which he is farming are very uncertain, and especially in view of the fact that other creditors have made a reduction in their accounts in order to assist him in re-establishing himself, I have no hesitation in recommending that the sum of $650.00, which Mr. Polez paid to Department of Agriculture, be accepted in full of his account; and that the balance outstanding, amounting in all to $51.27, be written off.

I would further recommend that the distribution of this payment be applied pro rata between seed grain and relief and that the former receive credit for $58.78 and the latter $66.22, $25 of which sum was remitted to the Dominion Government included in collections for February 1948.

It will be noted that the sum recommended as settlement in this instance, considerably exceeds the original advances, which amounted to $191.00.

Yours very truly.

N.W. ¼ Sec. 31 Tp. 24 Rge. 5 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Fred Polos, Esq.,

Alberta.

Your obedient servant,

Acting Commissioner
of Dominion Lands.

P.S. In the event of you relinquishing your lease covering the S.W. 31-24-5 W.4th M. you will not be allowed any priority in filing on this land as a second homestead. MEMORANDUM

Mr. Perrin.

Re: Fred Poloz,
W.½ 31-24-5-4.

This case has received the investigation and recommendation of the Seed Grain and Relief Adjustment Board of Alberta as per the report attached to file under date of July 10th. The indebtedness consists of advances made under the 50-50 agreement with the Province of Alberta in the extent of $[illegible] on which the amount now due is $65.13; also an advance of Seed Grain in the sole right of the Province in the extent of $136.00 on which the amount now due is $194.37. The debtor has made a payment of $225.00 with the request that it be accepted in full settlement of these accounts.

It is represented that he is situated in the drought area, has had a succession of crop failures and has effected a compromise settlement with his other creditors and the Committee, therefore, recommend that the said sum of $225.00 be accepted in full settlement and divided on a pro rata basis between the Seed Grain and Relief resulting in a credit to the latter of $66.22 and leaving a loss to the Department of $10.91.

I presume it will be in order to prepare the necessary Memorandum to Council.

Recommended.

Sir,

Re: Fred Polos
W.½ 31-24-5-W. 4th M.
Your ref. 212 P.I. & T.P.

In this case kindly refer to your report to the Seed Grain and Relief Adjustment Board dated July 10th, which received their recommendation, to the effect that the sum of $225.00 be accepted from Mr. Polos in full liquidation of his account, consisting of advances made in the sole right of the Province in the extent of $138.00 and of a relief advance made under the 50-50 agreement with the Province in the extent of $53.00.

However, I am to direct your attention that in a statement forwarded to the Board by this Department on August 15th last, mention was made of a Dominion lien in the extent of $85.00 advanced in 1919 and bearing interest at seven per cent from March 31st of that year, and as this has apparently not been taken into consideration in your report it has been deemed advisable to place the matter before you in order that an adjustment may also be made in that regard and the recommendation of the Board be amended in connection therewith.

Apparently Mr. Poloz did not take the action and if the discharge has been lost or destroyed a duplicate may be obtained by payment of a fee of $2.00. Re: Account of F. Poloz
N.W. 31-24-5-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1919 seed grain amounting to $85.00 was advanced to F. Poloz on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:

Principal	Interest	Total
$ 85.00	$ 196.50	$ 281.50

Patent was issued in the name of F. Poloz for the N.W. 31-24-5-W4 on the 30th of July 1920, subject to the 1919 lien.

In reply to our questionaire of the 3rd of July 1952, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:

"Title to this land is presently vested in this Department having been acquired through proceedings under the Tax Recovery Act. This land is vacant at present and located in that part of the Province designated Special Areas and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security or value for our lien. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

Re: Account of Fred Poloz
NA 31-24-5-4.4th

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

A Joint-Provincial and Federal advance of Relief amounting to $53.00 was made to Fred Poloz in 1920, on the security of the above-mentioned land. A payment of $66.22 was collected by the Province in 1928 and applied to the principal and interest. The present standing of this account is:-

Principal	Interest	Total
-	$16.91	$16.91

The Provincial authorities have advised us that this lien is not registered against the title to this land.

By a Cabinet directive of the 17th of May, 1960, approval was granted to discontinue negotiations for compromise settlements after the 15th of April, 1960, and to cancel the remainder of the Federal share of outstanding indebtedness for Seed Grain, Fodder for Animals and other Relief. The Province of Alberta has agreed to cancel their share of the Joint Federal-Provincial indebtedness.

Therefore, it is recommended that the Joint-Provincial and Federal indebtedness listed above be cancelled without any payment.

Sir,-

Referring to your notice on form Number 41 reporting the institution of cancellation proceedings against the homestead entry for Mr. G.K. Irwin, I beg to say that in the notice referred to Mr. Irwin's land is described as the North West Quarter of 35, Township 1, Range 17, West of the 4th Meridian. This would appear to be an error, as according to the record here, the homesteader is Mr. Josef Kolesiar.

A man by the name of Mr. George Elmer Irwin obtained homestead entry for the North West Quarter of 35, Township 4, Range 11, West of the 4th Meridian on the 3rd of February, 1912, and if this is the individual to whom your notices are addressed, it will be necessary for you to issue fresh notices, otherwise Mr. Irwin would be justified in supposing that it was not his entry which had been made the subject of cancellation proceedings.

Assistant Secretary.

Re: Account of Joe Kolesnar
No. 35-1-17-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

Joint-Provincial and Federal advances of relief amounting to $265.75 were made to Joe Kolesnar in 1920 and 1922 on the security of the above-mentioned land. Payments of $22.63, $69.68, $125.39, $30.14 and $23.08 were collected in 1922, 1923, 1924, 1929 and 1932, respectively, and applied to the principal and interest. No further payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$102.51	$222.45	$324.96

The Provincial authorities have advised us that these liens are not registered against the title to this land.

By a Cabinet directive of the 17th of May, 1930, approval was granted to discontinue negotiations for compromise settlements after the 15th of April, 1930, and to cancel the remainder of the Federal share of outstanding indebtedness for Seed Grain, Fodder for Animals and other Relief. The Province of Alberta has agreed to cancel their share of the Joint Federal-Provincial indebtedness.

Therefore, it is recommended that the Joint-Provincial and Federal indebtedness listed above be cancelled without any payment.

Sir,

I beg to acknowledge the receipt of your declaration filed here in defence of your homestead and pre-emption, the West ½ of Section 19, Township 25, Range 4, West of the Fourth Meridian, and in reply to say from the information furnished it would appear you have failed to perform any residence or improvements on your land to date. This is very unsatisfactory and a decided contravention of the regulations.

However, in view of your representations, it has been decided to allow you a period of thirty days from this date within which to satisfy the Agent of Dominion Lands at Calgary that you are then in bona fide residence on either your homestead or pre-emption with the intention of remaining there, and providing you do so he will hold the said proceedings in abeyance until the 1st of September next, when you will be required to furnish satisfactory evidence that you are still in residence and have not less than twenty-five acres broken on your land.

DOMINION LANDS ADMINISTRATION

Copy to the A.D.L. Calgary.
Ref. # 77217.

OTTAWA, 5th November, 1928.

Sir,-

S.E. ¼ Sec. 2 Tp. 25 Rge. 5 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Wellington Yale, Esq.,
Caypon,
Alta.

of Dominion Lands.

RECLAMATION SERVICE.

Ottawa. June 5th, 1920.

Unpatented area of.....
reserved for the purposes of this scheme. Sir,- 2,7[illegible] acres.

In connection with the proposed investigation to determine the feasibility for reclamation by drainage of land in Athabasca District, I shall be glad if you will reserve in your records, the land included in the schedule attached.

I beg to advise you that reservations placed against land which is already under entry will not affect the rights of the entrant. In cases where the entry is cancelled or abandoned, it is proposed, unless there is a recognized applicant for the cancellation of the entry, to reserve the land for reclamation by drainage. Any application for inspection covering an entry within the tract now being reserved, which may have been received by you previous to the date of the receipt of this letter, may be dealt with by you in the regular way.

APPLICATION FOR ENTRY. With regard to applicants for entry who may appear before you in the near future, claiming that they have incurred expense in locating suitable land within the tract now being reserved, the Reclamation Service will offer no objection to such person or persons being allowed entry, provided you are satisfied by statutory declaration that the applicant did incur expense in good faith in locating land prior to the date on which you received this letter.

You will, of course, understand in regard to the foregoing instructions that applicants must be eligible for entry in other respects, viz., if the land is soldier settlement land application for entry or for cancellation could ONLY be received from a person who has the right to entry within that tract. Please advise me when these reservations have been noted in your records.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

Re: Account of H.C. Murphy,
N.E.¼ 26-66-20-W4.

Dear Madam:

During the year 1913, while homesteading the above mentioned land, Mr. H.C. Murphy received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $112.50 of which $44.00 is principal and $68.50 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

C.K. LeCapelain,

Dear Madam:

Re: Account of H. C. Murphy
N.E.¼ 26-66-20-W.4th

In a letter dated the 9th of February, 1956, you were advised that there was an outstanding account charged against the above mentioned land which stands in your name for seed grain which was advanced to Mr. H. C. Murphy by the Federal Government in the year 1913. The amount outstanding is $112.50 of which $44.00 is principal and $68.50 is interest.

Our records indicate that no answer has been received from you to date. This may mean that our previous letter has gone astray, or that because of unforeseen circumstances you have been unable to reply. As we stated in our previous letter the Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and, in cases where the amount of the indebtedness is large compared to the value of the land, or other circumstances exist, to recommend a reduction in the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Re: Account of Hy. Clay Murphy
N.E.¼ 25-66-20-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above-mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1913 seed grain amounting to $44.00 was advanced to Hy. Clay Murphy on the security of the above-mentioned land. Payments of $20.00 and $6.00 were received in 1926 and 1927, respectively, and applied to the interest. The present standing of this account is:-

Principal	Interest	Total
$44.00	$78.40	$122.40

By a Cabinet directive of the 17th of May, 1960, approval was granted to discontinue negotiations for compromise settlements after the 15th of April, 1960, and to cancel the remainder of the Federal share of outstanding indebtedness for Seed Grain, Fodder for Animals and other Relief.

Therefore, it is recommended that the Dominion indebtedness listed above be cancelled without any payment, and the lien be discharged.
